Contemporary Agrarian Architecture

Romsdal Folk Museum, Norway

Contemporary Farm House, Calgary,

ALBERTA AGRICULTURAL HERITAGE

- Simple buildings from minimal palette of materials - metal roofs and plank or metal siding
- Iconic forms in the prairie landscape
- Form responds to function
- Built to last
- Forms become icon of each rural town

MGA - DOCK SIDE BUILDING

(Michael Green Architects) Jericho Beach, Vancouver, BC

- Simple building from minimal palette of materials - standing seam metal panel roof and walls
- Used for small boat storage and community workshop
- Base building materials become interior finishes
- Translucent panel walls allow light
- Building has a friendly one story human scale
