To: Christopher @ Capital Region Housing

Dear Christopher, please find attached our fee table and the RFP Fee Forms, corrected to clarify your request for Phase 1 - Pre Construction Services and Phase 2 - Construction and Post-Construction Services.

We realize in reviewing our spreadsheet, that we neglected to add the Trip Costs for Phase 1 & Phase 2, as well as disbursement costs, into our total fees in the Fee Form.

We have corrected this and added to our original fee table, break-outs for the phase 1 trip and phase 2 trip costs for clarity. And added a reconciliation table at the bottom of the sheet for clarity.

Please note that we noted 10 trips for Protostatix Engineering for Jon Weiss in the table Comments section, but in the table only had 8. We have corrected this to the 10 noted in the text.

Also worth noting is that should less site trips be required over the duration of the project, the trip cost number will reduce accordingly in the client's benefit.

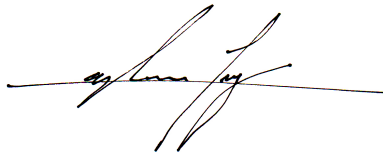

The total project fees as clarified are:

Phase 1 - Pre Construction (Design) = **\$ 281,240.00**

Phase 2 - Construction (CA) & Post-Construction = **\$ 108,150.00**

Grand Total (including Trip Costs and Disbursements, but not including GST)
= **\$ 389,390.00**

We trust this satisfies your clarification request. Thank you for your consideration.
